Unit 11A-12A Village Walk, Onchan, Isle of Man, IM3 4EB

DNA Test Certificate: 31201152612680

Foresight Health® Dog

Name: Linda Partridge	Dog name: Fee
Address: Rydal Mount Cottage, East Lane, Bardon Hill Coalville LE67 1TG United Kingdom	Sex: F (DOB: 2018-12-13)
Microchip: 941000021699605	Breed: Labrador Retriever
KC name: Flashmount Fee	KC registration: AV04884901
Date Received: Apr 28, 2021	Results date: May 23, 2021

The DNA for this testing was collected by the owner/breeder.

Disorder	Mutation	Result
Skeletal Dysplasia 2	COL11A2 (c.143G>C)	CLEAR

Guide to results

CLEAR	Clear means we have tested for the mutation known to cause the disorder and have not found it. Fee will not develop the disorder and does not carry it.
CARRIER	Carrier means we have tested for the mutation known to cause the disorder and have found one copy of it. Fee will not develop the disorder but can pass the mutation onto their offspring. If you choose to breed from this animal, care must be taken to ensure that any potential mate has tested CLEAR for the mutation Fee carries, otherwise approximately 25% of puppies will be affected with the disorder.
AT RISK	If your animal has any "at risk" mutations it means that our geneticists have determined that Fee is likely to develop the disorder. You should read the information about the disorder carefully, along with the notes left by our geneticists. It is advisable that you show this report to your vet during your next routine visit, unless otherwise indicated by the geneticist.

Disclaimer: we can only test for mutations which are currently known to cause specific disorders. This does not include mutations and disorders which have not yet been described.

Should Fee become ill you should always follow the advice of your veterinary surgeon.
